Suitable For: All clients.

Time Frame: Ideal in early pregnancy but effective anytime.

Lesson Objective: To show clients the wonder, beauty, complexity, and humanity of the child growing inside of them. To help them bond early to the baby, even before they feel it move.

Instructions: Show part 2 of *Baby to Be: Your Growing Baby*. Use fetal models, allowing her to hold them. Especially focus on the size and growth of her baby at that time. There is no DVD worksheet with this lesson.

Homework: Give your client the brochure, *The First Nine Months*, and a copy of the homework sheets provided.

Supplies: DVD: *Baby to Be*; Brochure: *The First Nine Months*; Fetal Models

Suggestion: A special gesture would be to give your client a Precious One Baby model to take home with her. It will be a constant reminder of the baby inside.

Note: You do not need to remove the master sheets from the protective plastic to copy. You can copy right through the plastic. Start with the last page first and move forward so your copies will come out in order.

This lesson helps the client see the development of the baby - and make a connection to him or her.
